Magee Leads The Batting Average In National League

New York, Nov. 18 -The official batting averages of the National league for the senson recently cloud, was announced today,

Sherwood Magce, the Philadelphia outfielder, with an average of 331, stands out as the best batsman of the National league, Craudall, of New York, and Goode, of Boston, outrank Magee in ac-

tual averages, but they took part in less than 50 games each, so that the honors by general consent go to Magee, who played in 154 games, Campbell, of Pittsburg, follows Magee with an average of ,326 and Hofman, of Chicago, is slose behind with 325. Snodgrass, of New York, with 321, and Wagner, of Pittsburg, the leader last season, with 320, are others in the company of heavy hitters.

Bescher, of Cincinnati lends the base stenlers with 70 stolen bases, Knobe, of Philadelphia leads the sperifice hitters, with 37 hits of this

Question of Weight Figures in Centenario Handicap at Juarez Meet.

Harrigan won the Centenario handicap, the second big event of the Juarez races Sunday by defeating Meadow over the mile course out of the shoot. Weight was the difference in this event, so nearly matched were the Harrigan had been given weight by both Meadow and Taboo, the winner of the opening handicap Thanksgiving. He was carrying 108 ounds on board, while Meadow saddled 115 and Taboo 112. Jack Atkin, of whom much was expected, was burdened with 127 and was never in the race, as he is not yet in condition. Harrigan went out in front and led all the way. Meadow took second from ! Lomond at the three-quarters and to first \$225—Marian Casey, 105 (Ban-challenged in the stretch. It was a schoten) won; Flying Pearl, 110 pretty exhibition coming home, but Harrigan was out for a winning and crossed the line a length and better to the good, with Meadow a second and Taboo third. Meadow's move was made at the right time, jockey Molesworth holding her steady in her course until the straightaway, when he gave her the reins and defled the winner.

Merely a Romp for Helen Scott. Helen Scott twostepped the first race to the music of the band. It was a little Sunday afternoon romp for her and she made her barrier lead a 12 length stretch of landscape before the finish post was passed. Juarez failed to show the class his backers wished, although he ran well in front of the other youngsters at the finish. Gehtnicht was third because there was none better and came on with a real show of speed. The rest ran. Benschoten sent Marian Casey against the rall at the stretch turn and captured first money by his daring. Marian got away in front, but was back in fourth place at the half and was beating only Manila at the three-quarters. Then the Life, Cellaret, Spooner, John Sparks, clever kid made his rail move and cut ran. into second place behind Flying Pearl. The Pearl Girl could not stand the strain of a driving finish to beat Marian Casey after she had set all the She was second and Periwinkle

Trance awoke at the barrier and went out in front at the half, taking the third race from Ocean Queen, who moved up strong at the finish and

will leave for New York Tuesday Moran has received several offers to appear on the stage and he probably will accept one of the offers. Charley Harvey, Moran's manager, said that he wanted to have Moran met Ad Wolgast and was willing to wait until the champion was ready to fight, but he did not look with favor upon the terms that Wolgast dictated-a guarantee of \$12,000 and the right to name the

referee. "It is ridiculous for Wolgast to talk of naming the referee," said Harvey, "It would kill the fight at the start. If he has a right to a \$12000 guarantee, Moran has a right to \$15,000, as Moran is the greater drawing card new. The game is not in such shape now that guarantees of that kind can be given."

RESULT OF FOOT-BALL THIS SEASON

New York, N. Y., Nov. 28 .- Pennsylvania is the largest scorer of "the big four," with 163 points, eight more than Harvard. Brown, which made a great record after the mid-season games, overtops Pennsylvania in scoring and leads all New England colleges with 198. It was Brown that gave Yale the worst beating the blue has suffered in

recent years, 21 to 0. The following is a summary of the games won, lost and tied, and the scores for and against the teams

Last Year's Favorite Loses Principal Event at Juarez Saturday.

It was an old favorite against a new one in the Hidalgo handicap at Terrazas park Saturday John Griffin, the pet of the paddock during the previous meeting, was called upon to make a winning of this five furlong event. But Follie Levy, a newcomer, outgeneraled the old Griffin horse and finished in front after Griffin had run one of the gamest races of his career. He got away for the pace and kept it all the way, taking the lead into the stretch by a length. There Levy took command and nosed a victory away from the 1909 favorite, who was beaten out of second position by Royal Captive, who came on to close the gap, Rice was astride the winner and piloted his mount in behind the pacemaker until the time came for the king row

move. The youngsters had their inning in the first race when the 2yearold maidens were sent to the post for a winning. Sigurd was the favorite and responded to the clever handling of lockey Murphy like a seasoned campaigner. Fred Essen offered the opposition and was bounding along in first place at the stretch, but the holland, 112 (Rettig), second; Jeanne Brandt colt was ready for the move D'Arc, 107 (Warrington), third. Time, and made it at the right time. Little | 1:41 3-5. Friar was third by sufferance. The second race was a hare and hounds event, with little Molesworth on Bob Lynch setting all the pace the favorites wished. He was out in front all the way and the race was to the swift for Hidden Hand remained hidden until the three-quarters pole, when he went out for a flash of form, winning Otile was third. Sterlin against Uncle Ben in the third event, a 2 yearold race for five and onehalf furlongs. Sterlin allowed three others to set all the pace that was needed in the early stages, going up at the half and putting another winning over for jockey Moleswort's. Uncle Ben's race was a credit to his barn and shows his merit. Mockler

was third because he was third. A long shot winner took what little money was offered in the fifth. This was Hannis from the Henry stables. Hannis came from behind and finished byby a length in the lead over the favorites, who quit when Hannis went up top. Fred Mulholland and Dorante settled the score they had held since opening day when Fred put it over the Brandt horse by taking the long distance Marathon. They were carrying equal weights and the race was a horse and horse one until the stretch, when Mulholland made his move to no avail, as the Dorante horse was out and away. Jeanne O'Are was third,

Chief Engineer Gruenfeldt Again Breaks World's Mileage Records.

Despite cold weather, high winds a rain storm and tire trouble, Emil Gruenfeldt, chief engineer Baker Motor Vehicle Company, driving a shaft-driven Baker electric Victoria, broke all world's mileage records for electric automobiles Wednesday, November 9, when he drove 244.5 miles on a single charge. The total running time for the trip was nineteen hours and twenty minutes, giving an average of 12.65 miles per hour. Charles G. Steinnauer, automobile editor of the Cleveland Leader, was chosen observer, and at no time was out of sight of the test car. The odometer on Mr. Gruenfeldt's car was checked constantly by another instrument on the observer's car. At the end of the run Mr. Gruenfeldt announced that the Edison fortycell battery used in the test would be capable of an even greater mileage "green," the battery was new." He further stated that the strenuous trip proved the high efficlency of the Edison battery and the entire absence of friction in the shaftdriven Baker, and with this car challenged the world.

Adverse Weather Conditions.

The run was started from the plant at 7:30 a. m., November 9, and the route chosen was over the roads of Cuyahoga county just west of, and including the suburbs of Cleveland. Although Mr. Gruenfeldt was advised that the U.S. weather bureau of Cleveland reported an official temperature of only 44 degrees Fahrenheit, and that the wind was blowing at the rate of twenty miles on hour, the intrepid engineer.

and headed the car into the wind. The run was continued without a single stop until 8 oclock in the evening, when a five-minute stop was made for lunch. Starting the car again Mr. Gruenfeldt continued until 2:55 Thursday morning, satisfied with the results obtained. The car was driven back to the factory, a stop made while the night watchman was routed out and the car placed upon the floor under its own power.

Rain Storm Breaks.

The first 100 miles was recorded at colock in the afternoon when the car was easily doing fifteen miles per hour in a strong side wind. Two hundred miles was recorded at 11:20 oclock. when a rainstorm, which had threatened all day, broke. At this time the car had made 211.5 miles at an average speed of 13.2 miles per hour. The fast 44.5 miles were finished to the rain, drenching Mr. Gruenfeldt and renderng the roads slippery and treacherous. To make matters worse the front tire developed a slow puncture and gradually flattened, reducing the mileage of the car. This puncture was not repaired until after the run was completed.

When the dash clock recorded 2:55 oclock, Thursday morning, and the odometer recorded 344.4 miles, weather conditions became so disagreeable that Mr. Gruenfeldt decided to drive the car to the factory and enjoy a much deserved rest. "For the third time the Baker electric has broken the world's mileage record," stated Mr. Gruenfeidt when he had finished. "I am not only satisfied with the efficiency of the Edison battery and the Baker frictionless construction, but am ready at any time to drive against any electric automobile made, my opponent to cover the same course under the same conditions and with the same equipment."
